PREFACE.

In presenting this, the second edition of a BROOKLINE BLUE BOOK, the publishers have made it as perfect as possible, so that it would be a valuable book of reference.

If any have been omitted it was unintentional. We have made a careful canvass. We return our thanks to those who have rendered valuable assistance. We can assure the residents of Brookline that we shall spare no expense to make our annual BLUE BOOK a valuable guide for the library table.

We wish to express our thanks to the advertisers, and hope that they will feel that a fair equivalent has been rendered them.

THE WARREN

WARDROBE HOOKS

*Possess Many Advantages over the Ordinary
Wardrobe Hooks.*

As by its construction it is impossible for the clothing to press against the wall, and it is so constructed that the different articles hung upon the hooks are retained at a sufficient distance from each other to prevent crushing and creasing. Beside many other advantages, an examination or use of them will show.

We have them in all sizes and styles. In lengths from three inches to nine inches; and in styles, single, double or triple; iron, bronzed or japanned, and brass suitable for fine residences.
